

## Link to additional project resources

[C coursera.org/learn/security-with-aws-identity-and-access-management-iam-dvoa0/supplement/P2nsn/link-to-additional-project-resources](https://www.coursera.org/learn/security-with-aws-identity-and-access-management-iam-dvoa0/supplement/P2nsn/link-to-additional-project-resources)

## Amazon Web Services (AWS) Documentations

You can read and explore the well-written documentation by AWS below:

- Read the [How do I create and activate a new AWS account? documentation](#)
- Read the [Install or update the latest version of the AWS CLI documentation](#)
- Read the [Amazon Simple Storage Service – Uploading objects documentation](#)
- Read the [Use high-level \(s3\) commands with the AWS CLI documentation](#)

## AWS Identity and Access Management (IAM) documentation

- [Getting Started with AWS Identity and Access Management \(IAM\)](#)
- [What is IAM?](#)
- [Multi-Factor Authentication \(MFA\) for IAM](#)
- Read about IAM users [here](#) and [here](#).
- Read the [IAM user groups documentation](#)

- Read about Policies and permissions in IAM [here](#)
- Read about IAM roles [here](#) and [here](#)
- Read about EC2 instance metadata [here](#) and how to retrieve the metadata [here](#)
- Read how to [use an external ID when granting access to your AWS resources to a third-party](#) and watch a demo [here](#)
- Read about [Permissions boundaries for IAM entities](#)
- Read about the IAM Policy simulator [here](#) and watch a demo [here](#)
- Read about the IAM Identity Center (successor to AWS Single Sign-On) [here](#) and watch a demo [here](#)
- Read the [Creating IAM identity providers documentation](#)

Make sure to read through these articles to get experience with AWS IAM. I hope you have a fantastic experience reading through it. Thank you!

## Previous Project-based Courses

---

You can access [previous project-based courses](#) that I instructed on the Coursera platform. Search through the course catalogue to see if any of the courses interest you.

Have a great time learning these materials. Thank you!
